REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 7, 8 and 19 include the limitations, "wherein said securing means comprises a strap having a first

end and a second end, said first end being attached to a first side edge of said gripping member and said second end

being attached to a second side edge of said gripping member" and "wherein said strap comprises a resiliently

stretchable material". Van Staagen (USPN 6081958), Bean (USPN 2988049) and Wiest (USPN 2795808) all fail to

teach these limitations, nor would it have been obvious to combine references to achieve the claimed invention. As

stated in the previous office action claim 16 was indicated as allowable if rewritten in independent form. Applicant

has incorporated claim 16 into independent claim 8 and therefore the application is considered to be free from the

prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue

fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly

labeled "Comments on Statement of Reasons for Allowance."
